Title of the paper	Authors	Department	Name of the Journal	Link to the Journal	Link to the Paper
Reflection of inhomogeneous waves in a monoclinic magneto-thermoelastic rotating material	C. Zorammuana*, & J. Lalvohbika	Mathematics	Mechanics of Advanced Materials and Structures	Link to journal	Link
Theoretical Analysis of Different C ₈ H ₁₄ Isomers from their stability : DFT Level of Study	Dr Joseph Lianbuanga*, Zodinpuia Pachuau	Chemistry	Neuro Quantology	Link to Journal	Link
Magnetic and rotational effects on the reflection of inhomogeneous waves in a fiber-reinforced thermoelastic material	C. Zorammuana*, & S.S. Singh	Mathematics	Mechanics of Advanced Materials and Structures	Link to Journal	Link
Effect of magnetic field on the reflection/transmission of inhomogeneous waves in fiber-reinforced thermoelastic solids	C. Zorammuana*, & S.S. Singh	Mathematics	Waves in Random and Complex Media	Link to Journal	Link
Flood hazard zonation of upper Kolodyne using GIS and multi criteria decision analysis in Mizoram, India	Vabehmo Ch., Malsawmtluanga*, Blick*, J., Sangchungnunga Sathing* and Zodinthara Francis	Geology	Disaster Advances	Link to Journal	Link
Failure Mechanism of Rangvamual landslide, Aizawl, Mizoram, India	Verma, R., Rao, Ch, U.B., Blick*, J., Gaopatwe, Maipelo. and Malsawmtluanga*	Geology	Disaster Advances	Link to Journal	Link

Physico-Chemical analysis of selected potable water in parts of Mamit district, Mizoram	B. Ramngaihawma* , Shiva Kumar, V.K Bharti, Malsawmtluanga* and John Blick*	Geology	Science and Technology Journal	Link to Journal	Link
